

## Winmate Inc. Product Change Notification (PCN)

**Document No.**                      **PCN-A-20240503-B**                      **Revision**                      **1.0**

**PCN TOPIC:** Winmate recommends that the Operating System of Intel® Elkhart Lake, Tiger Lake and Alder Lake Platform Products use Windows 11 IoT Enterprise GAC or Windows 11 Pro.

**PCN Type:** Product Spec changes

**Change Detail Descriptions:**

Winmate recommends that the Operating System of Intel® Elkhart Lake, Tiger Lake and Alder Lake Platform Products use Windows 11 IoT Enterprise GAC or Windows 11 Pro.

In addition, as for Panel PC and Box PC product line, Intel® Tiger Lake and Alder Lake platforms support Modern Standby mode, which will result in products not having the wake on touch function from sleep mode when paired with the Windows 10 operating system. Therefore, Winmate recommends that Windows 11 be the first choice when considering the operating system for Intel® Tiger Lake and Alder Lake platform products. If you don't buy the OS image from Winmate , please install EETI driver from the download link to instead of the original Windows 11 inbox driver.

**Driver --Win11 EETI WOT download link :** [https://dc.winmate.com/main/download/Driver/SW\\_DRIVER307.zip](https://dc.winmate.com/main/download/Driver/SW_DRIVER307.zip)

**Impacted Product List:**

Product line	Model
